

I read about Henry Barber and a circus train - says that a while ago, about 1860, he had the red haired's mother's...

The place looked like a park with all the underbrush cut out - and roads made possible so the cars could drive through and around. The lots that were already sold bore the sign "Sold" and the houses under construction all came in for inspection. The one crew took both nights and had good dinners in town before coming home.

Miss Eileen and her boy are here - are sure she must look very smart with her little son - what has she named him?

I should have enjoyed hearing you talk in Baldwin - and also your visit with Blanche. My Sat. J. W. is not here yet but expect it today it should have arrived yesterday but I suppose it was put into the wrong box - They do that so often when I am trying to find how John's steam came out.

Tomorrow I go in to have "Alice" do my hair and Thursday we go to St Cloud - again. Warren Stewart has not been so well lately - He had "Flu" and it came back - and he was quite weak. No killing frost at "Tree Tops" as yet but Mr Jack's place is all frozen - and has been for weeks. What does Ralph say about his friend Lumbrope? I have so much work to do I do not have time for half the letters I would like to write. Loads of love for you and all your family - from us both
