

We are finishing the other cottage. nice enough
for anyone - and have been told we can get
\$75 00 per week for it during the summer
we will have a walk from cottage down
to Don's new stairway - and a small
pier in front of the little new pump
house on lake so that they will have
their own place to land etc. - Don ex-
pects to use his new big boat and
so who ever wants there will have a
small boat and motor. In this way
what looked like "Don's Folly" will
be something sensible and profitable.
Where I find the right housekeeper.
she will live in our home here up stairs.
We hope to find a widow or married lady
between thirty and fifty who will
stay for some time.
I like Mr. Roberts of the Pine Beach
Hotel - and know you would also. He is going
to take us for dinner sometime next summer.
