Oct. 11 -

Dear Dad -

I've been thinking a
bit about you and surely hope
you're feeling fit again.
My train Sunday night
was just a little late - I
am feeling a little better
as my sinus has begun to
drain, but I haven't been out
today at all -

He are expecting Joe and
Jim in Saturday by plane
afternoon - and Mary,
Duke and Charlie Friday night
we are still expecting you & come
for a while end or for several days
as soon as you can.

I ordered new slip covers
for the living room chairs today.
Hope Mite is feeling
better and has gone back to the
pet house. Am really anxious
