Dear Janet:

As always, I was happy to receive your letter of the 26th. I know you are always busy, but I am interested in everything you do. I'm mighty glad to have you with me as much as possible.

I am proud of Mike and love him very much. I think we have a very good understanding between us. If he comes to K.U. next year, I hope we will have more time together.

This morning a big power sprayer came down and sprayed my Elm trees. I don't know that they needed it, but it is best to take precautions.

Give my love to Mac and Mike.

Lovingly, your dad
