

Love. have been enjoying his articles  
and have intended every night to read  
but something has interfered.

Tomorrow Minneapolis play Beloit -  
then a game here Friday with Chapman  
ends the season except for the regional  
tournament. Mike has been doing fine -

In the last two games he scored a total  
of 30 pts. The team has really had  
a poor season however.

It is getting late and I must  
get to bed so I am going home to get  
up and get breakfast for my family.  
Today has been cloudy, misty  
and disagreeable. The <sup>country</sup> roads are bottom-  
less - and the town streets filthy -  
so much snow, ice and mud for such  
a long time - a good rain then some  
bright days with wind would do just  
what is needed - dry the roads and streets  
and clear them off.

With much love -  
Jayet
