

January 15, 1949

Mrs. L. A. McNalley
Minneapolis, Kansas

Dear Janet:

Thinking that you might be worried after seeing that Dolph Jr. was in the University Hospital, I am glad to say that the injury, apparently, is not real serious. In trying to escape hitting a tree, he put out his foot and broke a bone in his right ankle, but it was a clean straight break, and the x-ray shows a perfect union.

Dolph telephone Marie this morning from Washington and mentioned with pleasure the fact that he had received wires from his sisters. Let the good word go on.

John plays basketball tonight in Lawrence with Leavenworth, and I have just been raising a row with the newsroom because they failed to mention the game in the paper tonight.

I hope that the weather will be good next week when I drive to Tulsa.

Tonight at 6:30 I am entertaining Mary Beth and Charles at dinner at the hotel.

I am always glad to hear from you and am interested in Mike's athletics, as well as in his dad's legal business.

Lots of love,
