

MRS. OWEN W. MALONEY  
2712 EAST 31ST. STREET  
TULSA 5, OKLAHOMA

I remain well and am glad the ice is melting. I rode taxis for several days because I was afraid I'd get stuck or have an accident. We had four inches of sleet on the ground.

My good friends keep inviting me out to dinners etc, but I go very little because after doing my chores & spending several hours at the hospital, I am too tired to be good company.

I would like very much to come to Lawrence to see you & the baby & Ernie but don't know when I can. Be assured it will be as soon as possible.

We hope to let our nurse go this week anyway. Virginia will come home with Pat when he comes.

Love you so much & always enjoy hearing from you - Thanks for everything you always have done & are doing for me.  
Devotedly your daughter  
Blanche.
