

There seems to be a conspiracy  
a foot to keep me from writing this  
note: two phone calls ~~and~~ and two  
callers since I came to bed to rest.  
The last caller being my minister.

The children went to Sunday School  
and sat with Eugene during services  
last Sun. Jerry's first time. Mr. Bradner  
(minister) praised them highly for being  
so well behaved - quiet.

Now it's time for me to start supper.  
My blanket is such a comfort I couldn't be-  
gin to tell you. I say, "God bless Collins Simons"  
every night before I sleep. Love, Kathryn

Dear Cousin Collins, -

You have been  
in my thoughts a  
great deal all this  
month especially the last week of October  
and first of November.

This has been a busy month  
planning for Christmas and prepar-  
ing for Thanksgiving with two colds  
making me feel none too well,
