

July 22, 1925.

Dear Janet:

Professor Johnson told Dolph today that he had recommended you very highly for a position as teacher of English in the High School at Eldorado. Later in the day Miss Riggs called me, stating what had been done and suggested that it might be well for you to follow it up with a personal application.

I suggest that you write a good letter to J. W. Murphy, Superintendent of Schools, Eldorado, Kansas. They both believe this to be a better proposition for you than the school at Lyons.

With love,
