

We probably will leave L.A. Thursday morning - driving down the coast to San Diego. We keep moving and seeing a lot - without many minutes wasted.

Had the Buick carefully gone over & washed - and it looks like a million dollars. Attho we are doing & seeing a lot, we are getting a full quota of sleep, and all feel good.

We think of you often, and agree that you are a grand fellow in every way -

Love -

Dolph
