Itinerary & left with you. Santa Rosa
looked like King City, Mo., and it was
too early to put up for the night.

The car is working perfectly.
Dolph & I are good traveling com-
panions and do a good job of driving,
while taking on interest in all the
things to see.

I am weary & ready for bed.
Hope you are feeling good & not working
too hard. The good lineage figure for May,
and the big collections for the month, ~~sent~~
sent me away feeling good.

Love to a swell Dad!
