Dear Charles and Mary:

I have just received your check for \$12 and appreciate very much your interest and your willingness to have a part in the decorating of the graves, but I do feel that you are paying more than you should.

I was interested in seeing your letter to Janet and your statement of receipts and expenditures. It has been a long hard drag, and there have been many times when it looked very dubious whether you could carry the property through or not.

I hope you have a pleasant time at The Hills.

With much love to both, I am

As ever, your brother
