July 6, 1925.

Hon. T. A. Simons,
Columbus, Ohio.

Dear Mr. Simons:

Eight years ago we had some correspondence relative to the genealogy of the Simons family. I sincerely trust that since that time your labors have been rewarded with more knowledge concerning this interesting subject.

A friend of mine, Robert L. Kuhn, a lawyer of Boston, Massachusetts, has very kindly offered to secure more data for me if he can and I shall be very much pleased to hear from you with any further information that you may have secured.

Since our former correspondence I have secured some very interesting data regarding several branches of the family including the Masons, Eddys, Gowdys, etc.

I hope that your work will result in the publication of a genealogy of the Simons family and you can count on me for a copy of the book and perhaps for some further contribution towards the expense.

Sincerely yours,

WCS*M
