

recall it ^{was} taken of her when a young girl - hair combed low, and parted on one side. I still have a photograph - unmounted and un-autographed, taken in her late years, which I will give you for the Society, should you care to have it. It could in no way replace the other.

Of course I remember you and Mrs. Simons and Blanche (since she was four) the best - having been out here so long.

I was in Lawrence in June 1947, to get my 50th anniversary gold medal from K. U. One day I went in to Journal-World office to renew my subscription - but imagine you were out of town. At least you weren't around. Do not know if I'll ever get back again.

Yours sincerely,
Florence G. Clarke
