Thursday afternoon

Dear Uncle Collie,

We found the dress, at Weavers. It is a lavender plaid and the latest thing and looks adorable on my daughter. We both thank you very very much..every girl needs clothes, as who could know better than you who have brought up three of them. And Vera didn't have any dresses at all. All of last year's are too short and we were just getting around to thinking about summer.

We love you dearly, both for what you are and what you do for us.

Come by soon and see how both my children have grown. Sally is more friendly in her own home.

Yours,

May Jule
