another time for
that trip. It seems
strange to think it
is so cold & wet here
and yet dry in
the North — We
to find after eating
place. Food is
not too good here in
Elizabeth — but plenty
such juice
here & hoping you
have gained gradually
since you've started to walk
going to see you —
Dawn hope you are having
also hope your tired of
sunshine — Dawn tired of
clouds — Effy. Frances —
