

sell special drug products direct to physicians and dentists. They pay good starting salaries and I am much interested in getting this type of work.

How are you and your family? Mr. Dolph should be just getting home from his trip about now, I think. Is Dolph Jr's ankle knitting well? Pat sends her best to you and she'll write the next letter I imagine. Tell everyone in the office hello and also the King's out at the house. Take care of yourself, now, and if you come east don't forget to look us up.

As ever,

Andy
