Dear Mr. Swims

It was so nice of you to write us about Gertrude. We did not know of your great loss. Until after your Xmas greeting had been mailed. Then when my Lawrence greeting cards came every one spoke of Gertrude.

We were so distressed. We do know how much you miss her. I always loved her very deeply. I missed her letters but do know people are so busy now days. But felt she was all right & I would get her Xmas message as always at Christmas. It was a great loss to me in friendship. But we both feel that if she suffered a great deal that the Lords way was the better way
