

Berkeley and we have probably  
lost poinsettia and other  
semi-tropical plants - Roses are coming  
strong - I cut my last bud from 1948  
only last week - Have 32 Tuberos  
Begonias started. They are a wonderful  
flower and last year were beautiful.  
Philena joins me in love and  
all good wishes.

As ever very sincerely.

Karl F. Baldwin

am President of our Church men's  
club this year, and we had 125 men at our  
last meeting.
