

so fast and poor Bob has an awful
time keeping it moving.

and I have an awful time getting
the clothes washed & dried. We bought
an automatic washing machine
when we moved - and it really is a
life saver.

Bob and I haven't done a lot, socially,
since we moved, as we've had a lot
to keep us busy around the house.

However, we've had several of our
best chelon' friends (wines on their vacations)
over for dinner - and the other night
we went to a drive in movie.

Tomorrow I'm entertaining my bridge
club. - & Friday night we're going on a
picnic.

I go to the Doctor every week now
until the baby comes I guess I'm getting
along just fine - of course now I'm
getting awfully anxious - and the time
just seems to lag by. It isn't too much
longer though.

Well, I believe I've covered most
our news - so I'll close for now. I
do let us hear from you again soon -
and remember you always have a
standing invitation to visit us at
any time.

Lots of Love,
Marilyn
