

Dec 13, 1926.

My dearest Collier -

You will not write to me or send me the
bill for the ^{flowers} ~~flowers~~ for the blessed Baby's funeral - as I am
sending you five and if there is some more
I will send it to you. Etork wrote me that
the flowers were beautiful - and I thank
you or Gertrude for - your selection - and taking
care of it for me - where I could not be
there it was very nice of you to do it for me
and to let me know.

I sent you a letter in answer to the one about
the granite marker - but did not hear from
you since - Now you remind me - the freight on
such a marker from here would be 3.00 and
the price was much cheaper - here. But perhaps
we had better wait until next summer.

I have just read your Oct. - After the one
where you were telling me my bad thoughts. Cause
from a bad stomach - but I really have a
very fine feeling - that seldom gets off -
I love you a lot even if that letter did have
lots of o's in it. Love for all and write Gayel.
