Dear Dorothea:

We are at last having a taste of good old warm weather. I'm enjoying it! We have had a grand cool summer with plenty of rain. The lawns and flowers are beautiful. Our roses are blooming too. Florence C. & I walked over to your home the other evening and everything looked swell. Your flower boxes are real pretty!

Dorothea, & a group are going together in getting a wedding gift for Jeanne - the Irvins, Laughlins, Cockrams, Nellie Martin, Dean Dawson ^{Duttons etc} & us. Would you & Harry want to be included or have you made other plans, just thought you might like to know, if you do just drop Florence C. a line & let her know. We are planning to leave this Friday & doubt if you could get word back to me in time.

We are planning to see you folks this Sunday, I can't say as to what time. As it all depends when I can get less out of bed, Sunday morning. Don't look for us - til you see us coming. We are leaving early Sunday morning and plan to stay in Minneapolis that night.

We will see you soon!
Love to you all,
Opal
