

I've always admired
and respected you, Dad,
I've always been proud of you, too,
I've always been grateful
for all of the things
You've done for me all my life through,
But surely you know how I feel
about you
I've told you so often before,
Still somehow or other, each time
that I do,
I mean it, Dad~~ just that much more.

All my love,
Dorothea
