Your good letter came yesterday - glad all is well with you -

We are going to St. Cloud tomorrow for the day - the weather, which has been so warm turned cool today and we now have a fire in furnace. Monica is doing well and was pleased with your kind regards etc. and also with a nice message from Marie's. Not later today.

Mrs. Jack Beseck has been in hospital for several days; having lost an unborn baby she had to have blood transfusion etc. Jack said she hoped to return to her home tomorrow. The little boy was born on the 15<sup>th</sup> of Oct.

Johnny is a big dog now with a blue coat.

Regards from Monica and Lou from Grayson and Don
