

October 3, 1950

Mrs. Don A. Freeman
R.R. # 6
Brainerd, Minnesota

Dear Grayce and Don:

Here it is the 3rd of October and we have not yet experienced a killing frost. I think, however, it may have been cold enough to discourage chiggers, because I walked through the yard yesterday without encountering any of them. Our paul scarlet bush on the trellis south of the garage has been furnishing one or more blooms practically every day recently.

I am glad that you are finding your new tenants companionable and hope that it proves successful both for them and for you.

As you may know, I was in the hospital for a day or two but did not require any medication that I know of. I expect that the children will be here more or less for the coming football games. John Simons is attending the University, has pledged Phi Delta Theta, and is living at the house. How long he will continue to do so I do not know.

Everything seems to be running along nicely at home, and I am quite well pleased with the kindness and care of Irene and Leslie Parrish.

I hope you will have a pleasant winter and will be able to get away for at least a time. Give my love to the Framptons and the Purintons.

With love,

*P.S. Appreciate the call you made to Dolph
inquiring about my health.*
