

Don said this last sum stone had made
many people in Dracina have the "Blues" and
everyone was 'complaining' yesterday.

We were in St. Cloud Thursday, a week ago, and
our good friend, Bill Doherty, had died that
morning! He and Emory had spent the winter in
Calif. and returned for a very pleasant Easter with
their children and grandchildren - He was 73 yrs old and
- they had been one good friends for over thirty-three yrs.
I think I told you before that the teachers college
in St. Cloud named their new building "Stewart Hall"
after Warren S. They dedicated the new building a
short time ago and Warren received a great deal
of honor and praise from all over the state it was the
finest building they had, replacing the main Hall.
I have sent the booklet to show you and Dolf -
They now have an attendance of over two thousand -
Curt had a phone call from Don, who had taken one of
the contractors to Madras to look over some lumber there
and he said he would soon be home for dearies. I am
always glad when a trip is over and I hear his voice
as high rays are not in the best condition in his kind
of weather. - He loves you and shall be glad when
we see you everyday. There is no living man who
Don loves and admires as he does you -
I guess you pretty well know what your sister thinks
of you - Love and best wishes for all - and more for you
Don D.S.T.
