

MRS. DON ALFRED FREEMAN

Tree Tops — Gull Lake

Brainerd, Minnesota

You will all like the new entrance
to our drive out to the lake, it looks
very city as first - and is shorter and
safer. Mr. Jack comes on Friday to
clean and bring his little fur yard.
He is very bright and he has well
they always have their luncheon with
us and he enjoys the "party" as he calls it.
The cars are coming in so fast right
now they make our doggy - and planes
flying over head - Ben eats everything now
and has gained fifteen pounds since
you were here. He seems to enjoy this
project and he and Ray are certainly putting
it on - lots of young couples are buying.
