My dear Collie—

Last Friday was our 46th wedding anniversary - and I was invited to a luncheon - ^{and} and I was and I was guests at a very nice dinner and Sat. morning we left at nine A. M. for the cities and saw the Minn. Thro. game, our television. We were a little afraid to sit out in grand stand for the game - so sat with nice friends in a large living room and thoroughly enjoyed the experience. The mystery of T.V. is hard to comprehend.
