Mrs. L. A. McHalley
Minneapolis, Kansas

Dear Children:

I have placed the abstracts and deeds in the hands of Henry Asher today asking him to prepare the proper papers for the transfere of the property. It is a good property, well located, and perhaps has a market value still greater than that named by the appraisers. However, I think the amount named is fair and equitable.

While Mr. and Mrs. Parrish are looking after me very nicely, I am always happy to have you with me. I am feeling probably as well as I have any right to expect, and I am trying to be careful to do nothing that would cause an accident or impair my health.

Give my love to the children.

Lovingly,

WCS:bjh
