

September 13, 1950

Mrs. L. A. McNalley
Minneapolis, Kansas

Dear Janet:

I brought Mary Beth's picture down with me this morning and found a frame that I think is very suitable. It is a stand frame in gold or dark brass finish which harmonizes well with the dark background of the picture. I also received your letter of September 11, and shall be happy to have you come down.

I don't know whether I mentioned it to you but I did to someone, that I thought the storage closet should be cleaned out as there are innumerable boxes there which serve no good purpose and would be a fire hazard. Every box should be opened to see that it did not contain something of value.

I am very happy over Mary Beth's picture and will find a place for it where it will be in a good light. I am glad to see Mike, as we always seem to hit it off pretty well together. You have doubtless received my letter written yesterday by this time. The Parrishes seem to be very thoughtful and I am glad that you like them.

Lovingly,

WCS:bjh
