Dear W.C.- I have been thinking about writing to you for sometime but never just get around to it. Now that I have the heck full of copy downstairs and nothing too hot coming over the wire I will take out a few minutes to peck out a few lines.

I'll bet you and Delph, Sr. and Junior are having a big time fishing I enjoyed working a lot with Delph, Jr., this summer and he is going to make a good newsman in my book. He likes to work and goes out after an assignment with a vim and vigor. He comes back with the dope also.

The other day at the football coaches meeting in Kansas City, Sikes listed Young Delph at one of his starting offense guard positions. I had a lot of fun at the meeting. I enjoy visiting with the coaches That is about all it amounts to but you can pick up a lot of gossip that ~~is~~ way. Belle went ~~with~~ with me and we had a room at the State Hotel.

Everything here at the office seems to be going Kay. I hope the paper is pleasing you and Delph. Mrs. Love is on her vacation. Ernie left yesterday on his vacation. Kathryn leaves Monday. I just can't see myself taking a vacation. The day I was gone to Iowa, the paper was late and every thing seemed not to move ~~it~~ down to the composing room. It happened again last Saturday when I was in Kansas City. I am not too important but if my being here makes things move along faster I am glad to stay.
