

from the hill. Jim Head will stay with the Chamber of Commerce, ~~and~~
~~with~~ the court house, and city hall. They are going to shift
Nora to the post office, farm, general news, and feature stories.

I sure have enjoyed the work this summer and I ~~will~~
feel I have learned more this summer than I have any other time. I
know more about the office, I know more about the town, and I feel
that it has done me alot of good.

Tell, John he better start getting in shape because when
I get up there I am going to really have to start working out.
Tell him also he better get ready to put on a Phi Delt pin.

Have you been out in the sail boat yet? I am really
looking forward to seeing it and getting out on the lake in it. I'll
bet it is alot of fun.

Again I am sorry I have'nt written you any more t
this summer. I will see you in about five or six days and you
and John had better start practicing hooking fish on stringers. I
have a feeling you and John will get alot of practice when we all
go out.

Tell every one hello for me.

Love
Dough
