

Saturday nite-

Dear Father-

As usual I am short on time so this wont be very long. I'll enclose the accumulated mail - only two letters - but about as much as I am getting these days. Hope you are feeling better and that the old ticker is performing properly. A note from John said the two of you had a good fishing trip and I hope there has been another in the meantime.

Collections this month will be about six or seven thousand above July a year ago. Expenses also are up but not that much. On top of a 3,500 inch gain in local advertsing in June, we will have a good 3,000 gain again this month. Also, good gains in national advertising. Circulation has a nice increase over last year, according to the ABQ audit completed today, and we are putting alittle extra effort behind rural solicitation. Today I filched a choice mailing list of 1,200 K. U. football fans and I have written a letter to go to each of them trying to drum up some extra subs duirng the football season, and perhaps a few on thru the basketball season. It may not get much results but its worth trying.

People ask about you every day. Ransey tells me everything is okay at the house and I know Janet also has given it a going over.

Dolph has been a good companion. He works out everyday at the stadium and seems to be in good physical condition.

I dont know what to espect in the election. I hope Arn wins and I want him to carry Douglas county, but it is difficult to forecast.

We will be seeing you soon-

Love-

Dolph
