Dear Mr. Simons,

I hope you are still having the ideal weather we had during my stay in Lawrence. Today is a cool day in Tulsa, and it looks as though it might rain.

I know you are looking forward to your trip to Minnesota. I'm sure it will be very restful to escape the heat of Kansas for the summer.

It was a new experience for me to watch your television set. It was very nice of you to let me, as well as my friends, use it so freely. I also enjoyed playing your fine piano. You have a wonderful collection of music.

Even though Otis and Margaret won't be with you, I hope to see you again soon, Mr. Simons. It is a pleasure to know someone with such an amiable personality.

Sincerely,
Patricia Owen
