

May 29, 1950

Mr. Carl Olander  
1916 Ohio Street  
Lawrence, Kansas

Dear Carl:

Find enclosed a check for \$10.00 with which you are to buy yourself something that will cause you to remember your graduation day without having to look up your sheepskin. I have been unfortunate in not finding you at home on occasions when I have called.

I had a nice letter from Blanche today noon in which she says she is leaving Tulsa Friday morning, June 2, at 8:40 by Santa Fe. I understand she has already written you or Eileen and expects you to meet her.

I shall be very sorry when the time comes for you to go to Wichita, as I shall not see you often after that. For some reason I have never had a great many occasions to go to Wichita, although I used to gather there at conventions of various sorts, but in those days it was always a matter of business, and I had no relatives or close friends to visit. The last time that I was there Gertrude was with me, as we went down for the purpose of seeing Pat, who was then in the hospital. It must have been three or four years ago.

I was on the hill for the high school graduation to see John Simons march through the line to get his diploma. I think he will be going north soon to spend a couple of weeks guiding before the rest of us get up there.

With very best wishes, and with the hope and expectation that you will make good use of your university training, I remain as ever,
