Mrs. H. S. Holmgren
Auburn, Nebraska

Dear Frances:

I want to thank you and Howard for a very delightful visit last Sunday. I enjoyed the excellent dinner and visit in the fine new plant, and the opportunity to see Mrs. Nelson. But the thing I shall remember longest is that wonderful little girl of yours.

I am sincere in saying that she is one of the brightest and most attractive little girls that I have ever known. My guess is that you will have to hold her back rather than to encourage her to greater endeavor. I know she must be a great joy and pleasure to you and Howard and the other members of the family.

I sincerely hope that Mrs. Nelson will regain her health.

With very best wishes to all, I remain,

Cordially yours,

W. C. Simons
