Dearest Grandad,

Bob and I are spending a quiet evening at home, so I'm going to try to catch up on my correspondence. We enjoyed your last letter so much.

At the present time we are looking forward to our trip home at Easter time. We'll leave Friday with Owen and Maie. I plan to stay on that following week as Bob has business up in Kansas then. We haven't been home since the 1st of Feb.

We have a new puppy now - I believe I told you about Shammy going to dog heaven. "Ubi" is our new one's name and he is a cutie - so peppy and so much like a pup - he chews on everything. He will go home with us - I just hope he will be a good traveling dog. (He is a black & tan Cocker - quite rare.)

It is certainly grand to have Owen & Maie living in Okla City - they live up on the top of the hill. Maie & I are going to the same doctor
