

Do you make your home with him? I have
so often thought of your lovely home where
you entertained us and I wonder if you
have maintained it - It is a lovely place and
Lawrence a very beautiful little (?) city.

This trip I am making this year is a
very brief one (only 6 weeks) and is more or less
of a business trip - I believe I wrote you last
year I built a place in Orlando and I
am now going up to get some "finishing
touches" done inside it before my nephew
leaves. (He worked with the contractor on construction)
