

put us a dot. We are calling on our Cousin General
and the general (General Haring) this afternoon.
Phitima and I had seen two fine football games. In
all the week we 91 to 103. In many ways it's
a better game than ours.

Our plans are shaping up. We are booked to sail for
London on 15 March next and hope to land in Canada
by a Princess boat about June 1st. We might see
Lawrence about July 1st. It is not too hot in
a car brought in the East.

So far we enjoy good health, we are trying hard
to make this a real visit of friendship. I am
on a short broadcast in the near future.
Our best to you, all in your family and our many
Lawrence friends. Sincerely & ever. Karl & Beldine
