Burton W. Marvin, Dean
William Allen White
School of Journalism
Lawrence, Kansas

Dear Mr. Marvin:

I intimated a year or two ago that I should like to entertain the members of Sigma Delta Chi at a lawn party at my home. If the boys think this is desirable, I will suggest a date, preferably after May 21 and before June 1 as at this time the grass should be green and there should be no chiggers. The chiggers come usually early in June.

I shall be glad to furnish lemonade and ice cream, but I would not want to have any beer on the grounds.

Please talk this over with the boys and let me know.

Respectfully yours,

W. C. Simons
