Dear Mrs. Hosford:

I was pleased to receive your letter of recent date. I had always held your husband in high regard and still think that he was one of the outstanding men in Lawrence, and of my acquaintance.

You have your son and other associates who, doubtless, are ready to serve you in any way they can, but if at any time you have occasion to call on me, I shall be glad to have you do so.

Sincerely yours,

W. C. Simons
