

Sunday evening

Dearest Dad -

So glad to receive your letter yesterday

before our return from Stillwater. The Shellman asked us to be their guest at the J.C. - A & M game. It was a beautiful day - cold & crisp but beautiful & we saw a gorgeous sun set coming down. Jim never too interested in any teams but K.A. but it was a pleasant outing. Was glad to hear that Kansas did so well at Nebraska -

Jim told about you a lot lately and said so glad you are well & enjoying Elinor & Wally.

We start painting tomorrow and Jim not anticipating too much pleasure out of the next month. Besides the actual disrepair, my de-water has taken to bed with a heart attack.

The Shellman went to Chicago last night to attend the A.P.O. convention (Petroleum association)

Papa took Mother M. to church this A.M. She preached on Protestants - the difference between Catholics & the advantages of being a Protestant. He made some good points but I wasn't too inspiring a sermon. I didn't know Mother M. is too well. She's been pretty tottery & we're going to take her to a doctor tomorrow.

Mavis Mabrey has had an attack of flu & has been ill for several days. Owen has had to be out of town a lot too but little Owen has been fine. So active & full of pep. The other children all seem well. Eileen writes that Carl has been hunting without too much luck.

We had high tea at Hulings about 5 o'clock today & saw a little sleepy trout. I have the Fred Waring program on the J.O. Do you ever listen to him? It's a very good program

Must close for tonight - Love you loads & will see you soon
Devotedly your daughter - Blanche.
