

did a little baby sitting on the
side - Eugene & Carl came a week
earlier than they planned, because
Carl is going to a Ford's sons School
in Detroit in Sept 4th. We ex-
pect Eugene & Wayne down here
for a week or so, and Marilyn
Bob are leaving a week or there
starting Friday

One of Marilyn's best friends
is being married Sept 7th. Marilyn
is to be one of the bridesmaids.
She, Bob & Pat & I are having
a party for them Wednesday the 5th.
Pat has made reservations at
Fort Worth for the
D. C. U. group. Hoping we can see John
& Doreen & Marie.

Haven't heard a thing about
Doreen & since he started his
Marine career, so if you know
anything, let me know.

Dearest Dad -
Haven't heard from you
directly since I left Minnesota
but heard from Jack via Dorla
that you were D. K. and even
Porter, who at Palo Alto, said
Doreen had reported you were fine.
Pat & I drove in here Monday
afternoon and it's really hot here
I guess it's a record for this time
of year, 103 or 4 deg. Very dry &
also a grass & shrubs are drying up
and a water shortage exists also -
a lack of proper distribution, rather than
direct scarcity.

I thoroughly enjoyed being with
all my children & grand children
but will have to admit it gives
"no rest". I cooked for 6 hungry adults
