En Route - Wed.

Dearest Dad —

I am on my way to Okla City  
to spend Maileys birthday & our anniversary  
got up at 5 a.m. to catch this train.  
It's a good gas, but so awfully early.

Pak will drive down tomorrow &  
will take the children to dinner tomorrow  
night.

I haven't had any direct news  
from you since we called Noefer last  
week end & found out you were improv-  
ing all the time. I know you are in  
good hands & Janet is there —

Eileen writes that she & Mr. W.  
are ready to leave with us for Minn.  
if & when you want to go. I'll expect  
to hear the last of this month what  
your plans are & if you feel well & strong  
enough, will leave around July 1<sup>st</sup>,

Eileen says Mr. W. is growing &  
talking & should be lots of fun. He is  
also trained to use potty — But she has  
to be very vigilant.
