Dolph, John and Marie have recently had some wonderfully fine pictures taken by the man who used to work with Blanche Reineke, and he undoubtedly does fine work.

I shall be happy to have you with me but from Eileen's letter, I think that you and Eileen plan to spend some time at Lake City.

I do not know whether the Minnesota climate would be good for Pat or not, but I can see no reason who it should not be O. K. for him and he would not be far from Mayo's should he need their advice.

Much love to you and yours,

WCS:en
