

Mr. and Mrs. Robert Riggs, February 12, 1951

We have been quite busy at the office with our regular line of printing, and we are fortunate in having a large share of the printing from the Sunflower plant which has lately been reactivated.

I look forward to going to the lake again this year and hope that I may be able to go to Tulsa for Easter as I am very fond of my children, grandchildren and great-grandsons.

Please write me whenever the spirit moves you because I am always glad to hear from you.

Lovingly,

WCS:bjh
