Dear Dorothea,

I am enclosing a small check in remembrance of your birthday, which was last Monday.

I have a letter from Grayce in which she said she had sent your birthday card early. She said she had written it and had not meant to send it until later, but it was picked up with some other mail.

Tomorrow will be the 57th anniversary of my wedding. Your mother was a beautiful and talented young woman.

I am always glad to have you and the children visit me and think it is fine that you can be here as often as you are.

Lovingly,

Dad
