My dear Ellie -

We are very happy to have your nice letter and to know your return trip was pleasant. I have not seen Bill but Mamey did and gave him your message. What were your cuff links like gold or silver? Hope you may have found them by this time.

We have only just returned from Minneapolis where we spent from Sunday P. M. until Tuesday evening. We saw Mamey's daughter Dorothy and her husband and this P. M. They stopped here on their way home from the iron mine. Mamey's daughter is married to a nice man and they have two daughters and a son - She is nice but not as beautiful as her mother.
