

DON A. FREEMAN POSTER CO.

TREE-TOPS --- BULL LAKE

WISCONSIN, MILWAUKEE

I spent Wed. forenoon in the Drained Hosp.
for a general check-up. I have not yet had
my report but think I'll get it tomorrow.

It is nice to have Dolph and family here
the boys are looking wonderfully fit.

John displayed with pride the beautiful
"flat" pin which he said his uncle Pat had given
him.

So glad you have another nice young couple
living in your home. It is nice to be good to
you because you are good to everyone else.

Monica has been very kind while I was so
sick. She is always pleased to have your nurses
Mrs. The Transcripts are fine and always enquire
about you also. This is getting too long and
I do not wish to tire you -

Loads of love to you and Dorelle if she
is still with you - Love from
Gregor and Doris
