

Mr. and Mrs. Don A. Freeman, March 7, 1951

I have had a very pleasant winter with Mr. and Mrs. Parrish who have made their home with me. When they go I shall again advertise for someone and hope that I may be successful in securing a congenial and capable couple.

I am sorry that we can not see more of each other but doubtless we are fortunate in being able to have our summers together in any event.

Lots of love to you both,
